

Wolverhampton LEA Renews Contract with Spider Networks

Wolverhampton LEA continues to utilize Spider's managed learning environment, Edukit for 134 primary and secondary schools

London, June 30, 2008 - Spider Networks Ltd, a leading provider of school communication portals and ePortfolios for LEAs and schools in the UK, today announces that Wolverhampton LEA have decided to continue providing their Primary and Secondary Schools with Spider's Edukit Learning Platform.

Spider Networks has been working in partnership with Wolverhampton over the last 9 years to meet their online learning objectives. All of their pupils, teachers and administrators have access to a customized learning portal providing a wealth of applications. A homepage for all the schools announcements, access to RSS feeds and Ticker Tapes keeps everyone informed of all the school's activity. A secure school webmail, file storage, contacts, calendar, website builder, discussion forums, chat and a collaborative area for a myriad of communities of interest provides for a stimulating school online environment.

"Spider Networks provides us with a dynamic school portal that meets the needs of our schools, says Julie Nomicas, ICT Coordinator. "Edukit is simple to use and simple to manage. We are very pleased with Spider's service and always-available portal."

"We are delighted that Wolverhampton continues to utilize our learning platform," says Jim Conroy, managing director, Spider Networks Ltd, "We appreciate their continued support."

About Spider Networks

Based in the UK, Spider Networks is the power behind interactive web communications. From one integrated online environment, over 1 million registered users in the school, business and consumer markets use Spider's technology to better communicate and interact dynamically within an organisation and beyond.
