

## Wrexham LEA Renews contract with Spider to Host Their School Websites

Wrexham LEA, part of the Welsh National Grid for Learning Cymru continues to utilize Spider Networks to host thirty-five of their school websites

**London, October 14, 2008** - Spider Networks Ltd, a leading provider of school communication portals and ePortfolios for LEAs and schools in the UK, today announces that Wrexham LEA will continue to have Spider Networks host many of their school websites.

Spider Networks has been working in partnership with Wrexham LEA over the last 7 years to meet their online learning objectives. "Utilising Spider's ability to host our schools' websites is a logical extension of our long-term partnership," says Dave Green , ICT Coordinator.

### **About Spider Networks**

Based in the UK, Spider Networks is the power behind interactive web communications. From one integrated online environment, over 1 million users in the school, business, association, ISP and consumer markets use Spider's technology to better communicate and interact dynamically within an organisation and beyond.
